THERMACUT®
THE CUTTING COMPANY

THERMACUT® is one of the world's leading specialists for reliable, high-performance and cost-effective plasma, oxy-fuel and laser cutting solutions.

One of its main areas of expertise is optimizing original consumables, torches and cable leads to make them more durable, reliable and cost-effective. The company boasts a unique product portfolio in terms of both its width and depth.

It also focuses on innovative and particularly high-performance plasma cutting systems with an outstanding price-performance ratio, which set new standards in the market.

In its development and production activities, THERMACUT® makes the most of more than 30 years of experience as a reliable partner for high-quality consumables and powerful system solutions.
